"If the children and youth of a nation are afforded opportunity to develop their capacities to the fullest and given the knowledge to understand the world and the wisdom to change it, then the prospects for the future are bright."

- U. Bronfenbrenner

IMAGINE THE IMPACT on our community if every child were to receive a quality public education.

At the **CREC FOUNDATION**, we firmly believe that inspired leadership and passionate teaching will help transform and enrich public education.

We support CREC's core belief that: "Every student can and shall learn at high levels and therefore must have access to all educational resources of the region through the system of public schools served by CREC."
